

Listowel Greenway

Listowel to County Border

13 km

 1 hours

 3 hours

1-2

Listowel Square to Tim Kennelly Roundabout 1.5 km

The route starts adjacent to Bridge Road, there is a designated car park at the start point. You will travel adjacent to the river Feale before turning left into Listowel Town Park. The park includes an array of amenities for all ages. After approximately 500 meters, you will emerge into a quiet residential street before joining Upper Church Street. This is a busy road but has a pavement and cycle lane with kerb separation. After approximately 350 meters, you will join a fully segregated route at the Tim Kennelly Roundabout.

2-3

Tim Kennelly Roundabout to Lacka East 6.5 km

Leaving the town behind, the route quickly becomes secluded as you enter a tranquil rural corridor within the river valley with views of the surrounding fields and woodlands. Between the Riversdale Bridge and the Kilmorna overbridge, the trail winds through a deep cutting dramatic, man-made canyon carved into the hillside for the old railway.

The area around Kilmorna is rich in history, once home to Kilmorna House destroyed during the War of Independence in 1921. The station house associated with the railway still stands at Kilmorna – this in private ownership. Continuing in a south-easterly direction, the route follows gentle gradients along the Feale Valley.

3-4

Lacka East to Limerick / Kerry Border 5 km

There is a trailhead at Lacka East, not long after Kilmorna. Shortly after, you will cross into County Limerick with the route transitioning to the Limerick Greenway. You may be able to see the ruined Purt Castle from the Greenway.

Approximately 3 kilometers east of the country border, there is a trailhead at the old railway station house at Abbeyfeale. This Greenway Hub is located approximately 1 kilometer north of the town. You can choose to continue your journey on the Limerick Greenway or travel into Abbeyfeale (this is a short distance on a narrow road with no cycle lane or pavement).
